My favorite part of the EMPSA program was the shared experiences with an elite group of classmates combined with the expertise of the faculty. They contributed to a quality education that I can apply to my current position and to future community involvement. Most definitely, no other university offers what the Bush School does. I was hired at a nonprofit in Colorado Springs that conserves and protects public lands in the Southern Colorado Rockies. There is no doubt in my mind that the training and instruction I received through completion of the Certificate in Nonprofit Management (CNPM) prepared me for this role and played a major role in my hiring. I would highly recommend this certificate for anyone seeking to gain experience in all aspects of the nonprofit sector.”
