• Class of 2020 Bush School graduates were asked to complete a survey to indicate employment and/or enrollment in continuing education. The survey was conducted by the Office of Career & Student Services from graduation in May 2020 to November 2020 (six-months post-graduation) based on professional standards set by the Association of Professional Schools of International Affairs (APSIA) for graduate programs in international affairs across the world.

• Percentages are based on the 70% of graduates (59 of 84 job-seeking graduates) who responded to the survey. Of those responding to our survey, 86% (51 of 59 respondents) were employed or continuing their education within six months of graduation.
