

Events at Texas A&M DC

Opened in 2021, Texas A&M University DC and Bush School DC are located just blocks from the White House and several of our nation's best-known landmarks. We are on six floors of a downtown office building designed to welcome students, alumni, and visitors. With a street-level welcome center that highlights Texas A&M University's core values and President Bush's commitment to public service, everyone who enters to study, teach, meet, and network knows they are in Aggieland in our nation's capital.
