QUESTIONS OR SUGGESTIONS?

HOWDY! This past academic year, we had a record-breaking number of distinguished professionals that made appearances in College Station and Washington, DC. Such guests included **Bill Burns**, Director of the Central Intelligence Agency; **Christopher Wray**, Director of the Federal Bureau of Investigation; **General Paul Nakasone**, Director of the National Security Agency; **Joe Straus**, former Speaker of the Texas House of Representatives; and **General David Petraeus**, former Director of the Central Intelligence Agency, just to name a few!

To wrap up the year, a 25th Anniversary Alumni Reunion Weekend was held in College Station and an anniversary celebration week at the Bush School DC. We also celebrated the dedicated men and women who received degrees from the Bush School as they tackle the world's greatest challenges. Last year, 75% of those earning graduate degrees embarked on careers in public service, and we have no doubt the Class of 2023 will do the same! We are so proud of each of you and hope you will share your accomplishments with us. We also invite you to contact us to visit the Bush School for a tour of our renovated building space, observe a class or catch up with a professor. We are happy to make the arrangements and host you!

Gig'em!

Joy Monroe

Assistant Dean for Development, Alumni Relations & Strategic Initiatives
