Class of 2025 Bush School graduates were asked to complete a survey to indicate employment and/or enrollment in continuing education. The survey was conducted by the Office of Career & Student Services from graduation in May 2025 to November 2025 (six-months post-graduation) based on professional standards set by the Network of Schools of Public Policy, Affairs, and Administration (NASPAA) for graduate programs in international affairs across the world.

Percentages are based on the 82% of graduates (60 of 73 job-seeking graduates) who responded to the survey. Of those responding to our survey, 90% (54 of 60 respondents) were employed or continuing their education within six months of graduation.

"The Bush School taught me skills tht have been incredibly useful and transferable throughout my career working in and for local government. My graduate education and subsequent roles have helped me grow into a more effective team member, project manager, problem solver, and leader. I'm proud to be connected to a university that offers incredible networking opportunities and lifelong support."
